AdvantageSM Services

V2V can reduce costs, improve quality, and define your brand identity amid the healthcare industry's transformation. And the first step in the process is to assess your current situation. Our quantitative and qualitative analysis looks for gaps in profitability, outcomes, and governance.

Performance AdvantageSM. This assessment provides a full-scope internal review of your organization, including our entire suite of processes customized to evaluate your current state, identify the greatest opportunities for improvement and implement strategies for sustained success.

Value AdvantageSM. The practical application of MACRA creates specific imperatives for revenue cycle. We help transform your organization by shifting workflows, optimizing infrastructure efficiencies and devising new care models.

Revenue AdvantageSM. We identify fiscal improvement opportunities across five key

areas, including cost of care analysis, physician compensation, revenue cycle, inventory management, and financial benchmarking and gap analysis. We uncover net income potential and guide you with the elements necessary for program success.

Onboarding AdvantageSM. We ensure physician onboarding becomes a synergistic process for recruitment specialists and operational teams. We create a fast track to productivity and success in your organization.

Focused AdvantageSM. A customized assessment on specific areas, with recommendations for improvement.

Management AdvantageSM. Our leadership services in both governance and organizational dynamics ensure effectiveness management and succession planning during pivotal transitions.

Leadership Development AdvantageSM. Both new and experienced leaders benefit from our training programs, realizing immediate benefits in terms of productivity and employee engagement.

Strategic AdvantageSM. For some organizations, we focus on facilitating already-identified improvements in quality-focused management decisions, objectives, and specific projects.

Advantage PlusSM. A combination of two or more custom-designed modules.

We focus on value, so you can focus on care.
